Tuesdays and Fridays

## MIDDLEBURG

Jeff Austin has moved into the Greeley Lutes property and is now a part of us.

Jack Slader and one or two members of his family are reported sick of Spanish influenza.

There are no slackers among the democrats here. They are all in line for Stanley and Helm.

Mr. and Mrs. W. T. Jasper went to Martonville Saturday to gather chestnuts. They took with them little Katherine Lee Fogle.

The Baptist church here is without a pastor and the officers of that church are looking for five men. A man with a family preferred.

A good rain fell here Friday night and Saturday morning. The ground was wet to a slight depth and the supply of stock water mads better.

The school closed here Wednesday morning, but we are hoping that conditions will soon be such that business can be resumed. Perilous time.

This personal mention through the carelessness of the "devil," perhaps, crept into our letter of last week: "Miss Lyn Reeve, of Lancaster, is visiting Miss Alice Scott."

The usual Saturday evening crowds here and at Yosemite were not so large last Saturday. It is supposed that the Spanish flu has something to do with diminishing the number usually present.

Owing to the scarcity of quail and the distance to be traveled to find them the high price of ammunition, and the usual bad marksmanship it is estimated that each bird killed will cost at least 50 cents.

Rev. Hutton, pastor of Calvary Baptist church, four miles south of this place, began a two weeks' meeting there Monday night, but the order for closing all church services came and he closed Wednesday evening.

The Red Cross ladies shipped 112 dressed chickens and a case of eggs to Camp Taylor for the sick soldiers. These chickens were dressed and cooked by the good ladies of this town, who are always ready to do something for the soldier boys.

We have had our meatless wheatless days and have eaten them and liked them, but now we have, by conditions over which we have no control, been forced to adopt churchless and Sunday schoolless days. What will come next the world only knows.

We would not be unkind as complaining, but this is a stand out of the ordinary that doesn't seem right with people here.

The Kaiser is reported to have said on one occasion that he would stand for no nonsense from the United States, but perhaps he has learned by this time that we have a man at the head of affairs in this country that does not deal in "nonsense."

The way he has gone after the old "boast of Berlin" doesn't look nonsensical to a man in a tree, and the old brute is able to see the real meaning of it if he is possessed of a touch sense as loose.

The late treacherous peace propositions have not fooled the women of this vicinity. They are still going after the kaiser by knitting sweaters, socks, etc., for the soldiers in France. The women of this country are entitled to more than half of the praise for the victory that is being won for right and justice. The sacrifices that many of them have made can not be told in words, and the victory that is being achieved could never have come to us but for the untiring efforts of these "angels of mercy."

## WIFE BEATER FINED \$15,000

According to the tabulations of an adding machine which was brought into use in the court of Superior Judge Thomas E. Graham, at San Francisco, Mrs. Ruth Griffith had been given 300 beatings by her husband, Harry Griffith, a sign painter, from whom she was seeking a divorce. Mrs. Griffith told the court that her husband had beaten her so many times she had lost count of them.

Taking the tabulation of the adding machine as correct and in accordance with his announced policy of awarding wives \$50 each for beatings their husbands inflicted, Judge Graham awarded Mrs. Griffith a lump sum of \$15,000 as damages.

## TURKEY PRICES TO SOAR

Substitution of chickens, ducks and geese for Thanksgiving day turkeys in order to supply the men of the army and navy with turkey dinners is urged on the public by market experts. The Government has contracted for entire supply of cold storage turkey, it is said, and has also arranged to purchase most of the fresh killed fowl. Consumers who insist upon turkey for Thanksgiving will be compelled to take their chances in a scanty market and the prices, it is predicted, will "soar sky high."

**IN LOVING MEMORY** of John W. Martin, who died October 7, 1918: In life I loved you dearly. In death I do the same.

I often sit and think of you. And wish you were here again; I think of you in silence.

No eyes can see me weep. But many a silent tear I shed. When others are asleep.

Sadly missed by his loving friend, MISS BEAMIE ELLIOTT.

## SINCERE GRATITUDE

Mr. William Bell, Logansport, Ind., writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

Kentucky has exceeded her quota in the Fourth Liberty Loan campaign by five and a half million dollars and reports from several countries are incomplete. Both the Eastern and Western Districts went "over the top" by substantial amounts.

## DOINGS IN THE COUNTRY OVER

E. W. Hackney has been re-appointed postmaster at London.

P. C. Orand, formerly of Garrard County, is dead at Waco, Texas.

Henderson county went over \$250,000

over the top in the sale of bonds.

Mrs. Lawrence Leece is dead, of pneumonia at her home in Pulaski.

Public funerals are forbidden in Chicago in order to combat influenza.

Douglas Martin and Alec Tyree, of Brodhead, are dangerously ill of influenza.

Lient. Gov. James B. Black is a "flu" sufferer at his home at Barberville.

Dr. W. E. Gravely, a prominent citizen of Brodhead, is dangerously ill of "flu."

Frank Gray, son of James P. Gray, formerly of Somerset, was killed in action in France.

Dr. T. T. Thomas, a prominent physician of Lebanon Junction, died Sunday of influenza.

Fulton county society women are doing their bit by helping the cotton raisers pick their crop.

Mercer county was asked to sell \$491,000 worth of bonds. She disposed of a half million.

Rev. Elmer Evans closed a two day's meeting at Deep Creek church in Pulaski which resulted in 28 admissions.

A Pennsylvanian whose wife came home late while he was getting supper, killed her with a rolling pin.

Walter Griffin, son of Ex Mayor Griffin, of Somerset, is dead. He was an engineer on the Southern Railroad for years.

A baby girl in Atlanta has been named Abbie, from the initial letters of America, Belgium, Italy, France and England.

McCracken county managers of the fourth Liberty Loan drive will print the names of the bond shuckers those who could and would not buy.

Miss Jessie Beagle, daughter of Rev. J. W. Beagle, who used to preach at the Baptist church at Hustonville, died of influenza at her home near Georgetown.

St. Xavier College in Louisville will fly a service flag as soon as influenza has run its course that will have on it 1,024 stars, seven of which are golden ones.

The Government has put a ban on cigarette smoking among the military boys during the epidemic of influenza, now raging in all parts of the United States.

Efforts of Count von Bernstorff and others to curtail the supply of or to ban the use of the United States and thus control the plants manufacturing explosives for the Allies were disclosed by A. Mitchell Palmer.

A dispute from Chicago says that Mr. Davis, the soft-styled "King of Hobos," is preparing to unfurl a service flag bearing 30,000 stars. He says the order of hobos has a membership of 507,536 and that 30,000 of them are doing duty here and overseas.

Although there was a sharp decrease in the number of new cases of influenza in New York, the death toll from pneumonia still grows. Pending a law just passed landlords who fail during the epidemic to live up to contracts calling for heat will be assessed. Shindolling plants are severely handicapped by the absence.

Though definite figures are not yet available, Treasury officials are confident that the six billion Liberty Loan has been greatly oversubscribed. Receipts from all parts of the country indicate that the total loan amount has been made to swell the strength of the total. It is estimated that more than 20,000,000 persons availed themselves of the loan, the greatest popular response to any such movement in the history of the country.

## TO THE FARMERS

Due to your compliance, by our Government to produce all the poultry possible, wherever it is practicable, we find a very large crop of chickens in the Central West, South, North and Northwest, with a shortage of labor, shortage of cars for transportation, shortage of freezing space that is being used for freezing meat to be shipped to our soldiers and Allies abroad and in order to maintain this position in a way to prevent waste of some of the product, and in order to keep out the transportation situation and the freezing problem we ask your patriotic cooperation to carry out the following suggestions:

First. Please only the well mannered birds, culling the others on the farm to grow and increase the amount of poultry flock.

Second. From now until Dec. 1st, the larger percentage of old hens are moulting, are unattractive in appearance, weigh less and you should market only those birds that are full feathered holding the balance until after Dec. 1st.

Third. Whenever practicable hold as many birds as possible on the farm until after Dec. 1st in order to relieve the freezer situation.

Fourth. Keep all pullets for egg production this winter and next spring.

Fifth. East of the Mississippi river market turkeys that are intended for Thanksgiving from Nov. 10 to Nov. 15th, and West of the Mississippi from Nov. 8th to Nov. 11th, holding the balance until Dec. 7th, as usually a large percentage of turkeys reaching the market too late for Thanksgiving must be placed in cold storage, room for which this year is unavailable for reasons above stated. J. N. Saunders, Lincoln County Food Administrator.

## BRONCHIAL TROUBLE

Mrs. A. E. Sidenhender, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives me relief. After using it for a few days all signs of bronchial trouble disappear."

Kentucky has exceeded her quota in the Fourth Liberty Loan campaign by five and a half million dollars and reports from several countries are incomplete. Both the Eastern and Western Districts went "over the top" by substantial amounts.

Mr. Newland was better at last reports.

Mr. James M. Bronnagh and wife, of Lexington, have been visiting his father, Col. R. H. Bronnagh, who is very much improved and able to ride in auto a few evenings since.

Mr. Ed Kochler, of East Bernstadt, was here a few days since looking after a large tract of timber he owns near town. He has every evidence of a vast supply of coal on this land and we hope it is true. Mr. Kochler was looking real well and seemed pleased to be once more with old friends here.

**GO AHEAD! PUT 'EM ON!**

Neither the law of God nor the law of man, at least in Nebraska, prevent women from wearing men's clothes when they are engaged in war work.

Attorney General W. E. Reed ruled.

Attorney General Reed's opinion was given to the Rev. W. B. Longrie, of Maxwell, Neb., who wrote Governor Keith Neville a letter saying the wearing of men's garments by women was against Biblical doctrine and asking if it was contrary to State law.

Gov. Neville put the question up to the State's legal adviser and the opinion followed.

## EARL ROUTON BURIED HERE

Earl Routon, aged 20, who died at Lebanon Junction of influenza, was buried here Monday morning.

He was a son of Mr. and Mrs. Ben Routon, who lived at Rowland before their removal to the above place.

Mrs. Routon, who has just recovered from an attack of "flu," accompanied the remains, but her husband and six other members of her family were too ill with the epidemic to come.

Young Routon was a fine young man and the announcement of his death was received with much sorrow by his many friends here.

He was a member of the Stanford Christian church, having joined under the preaching of Rev. D. M. Walker. Mr. H. J. Brantley preached an appropriate funeral discourse at the grave in Buffalo Cemetery.

He was about 35 years old and for years had been a servant in the home of Hon. and Mrs. W. H. Shantz. Deceased was a good, hard-working woman and friends both white and colored regret that she has been taken away.

## CORN \$3; BEEF CATTLE \$6

Monday's "Fifty Years Ago" column in the Courier Journal told of the sale of corn at \$3 and a bushel cattle at \$6 and 7c. The paper also said that Mr. Pugh sold his residence and 20 acres of land opposite the cemetery in Lexington for \$15,000. Quite a difference in price, and now.

### NEGROES ARE FOR STANLEY

The Blue Grass News, of Lexington, edited by one of the most influential negroes of his section, E. D. Willis, came out in a strong endorsement of Gov. Stanley for the U. S. Senate, in the issue of last week and made a special appeal to his race to vote for him, because at the risk of his own life he went to Murray, where a mob was trying to intimidate the court, and saved a colored man from its vengeance by an appeal to the better natures of the crowd and telling them that if they attempted to lynch the man, it would have to do so over his dead body. The News says that for this, the colored race owes him Stanley a debt of gratitude that they can in a measure repay by their votes, and urges them to do so. The paper also praises the governor's efforts to secure legislation for better protection of the negro race and adds that all his acts have shown the utmost endeavor to give it every consideration. The same issue contains letters from Rev. P. H. Kennedy, of Henderson and Rev. J. T. Morrow, of Lexington, also commanding the governor and urging the negro to show his appreciation of his many acts of favor to him. There seems to be a general feeling among the more intelligent of the race to reward the governor with their votes and stop herding with the republicans almost in a body. There is also a desire to show their resentment to Dr. Ben L. Bruner for his vote in the Lexington convention giving the negroes but an eighth of a vote representation in the body, although in the elections they have been their principal reliance for any sort of a showing. The negroes are finding out their real friends and unless all signs go for naught are going to stop following the republican orders like sheep following a bell wether.

All the democratic speakings scheduled for this week have been called off on account of influenza, but Chairman Thomas S. Rhea is hopeful that those fixed for next Saturday can be held and that from the 28th until the election speakers can appear on every stump. There are those who contend that speakings do no good, but it is a mistake. Even if the speaker does not amount to much oratorically, the meetings draw people together and put them to thinking. We know that if democrats do their duty Stanley will be elected by an overwhelming majority, and that our own Harvey Helm will break even his fine record for big majorities, but some how or other interest in the election is flagging. There never was an election more important and the Interior Journal pleads with every patriotic citizen to get busy now and keep it up until Nov. 5th to get every man possible to the polls to vote for Stanley and Helm.

At the meeting of the Inland Press Association at Chicago, the president reported that since the participation of the United States in the war, 250 daily papers have had to consolidate and that 850 have been forced to suspend. As there are a good many more papers than are necessary, this may not be a bad thing. The survival of the fittest may work an improvement in that regard. There is, however, one thing that we who are holding on experience and that is that we never know where we are at. The Federal Commission charged with fixing the price of print paper does not seem to know its mind for a week at a time. A few days ago it fixed the price in car-bond lots at 3½¢. Now it says it must be at least 3¾¢, with smaller quantities up to 4½¢. That will make ours cost over 5 cents, a ruinous price at our present charge for subscriptions and advertising. There are going to be more suspensions and then some.

It is more than probable that the profanity engendered by the war and the effort to damn the kaiser and send the whole brood of Hapsburgs and Hohenzollerns to hell may stick to those who will rather like that sort of imprecation. One Louisville preacher said out loudly, "God damn the kaiser," and when his congregation applauded, he waived a remonstrance and said: "That was a prayer, not a curse." All the same it does not sound good to ears whose owners have been taught, "Thou shalt not swear." Do not let us get the silly and sinful habit of swearing, even if no other words fully fit in when speaking of the beast of Berlin and all that class of vermin.

The oversubscription of the six billion loan is notice to the kaiser that this country will give its last furthering that he and his miserable hordes shall be swept from the earth they would deserve and destroy. We are indeed proud of old Lincoln country for going away over the top and of Chairman J. S. Hocker and his gallant band of assistants for making the result possible. As Admiral Sampson said after a naval victory in the war with Spain, when many were claiming the honors: "Do not let us quarrel over the matter. There is glory enough for all," including those who have subscribed to the limit of their ability.

There ought not to be any necessity for democrats to be told what their duty is in this world crisis. The President has asked that his real friends be sent to render him unflagging assistance and they should obey like good soldiers do the command of their officers. A republican congress can not be depended on to give the President that support so necessary in the winning of the war. Stamp under the rooster and that insures your vote for all the nominees.

In an unusually strong article urging the election of Gov. Stanley to the Senate, the Courier-Journal refers to his opponent as "sophomoric and inexperienced" and says he would in all probability have joined in the baying chorus of approval of Senator Lodge's insincere criticism of the President's first reply to Prince Max. Dr. Bruner may deny this, but a

The Public Health Service is now mobilized for a national campaign against Spanish influenza. Additional headquarters for State-wide efforts will be established.

### EVERY DEMOCRAT GET BUSY!

The influenza situation not having sufficiently improved for the lifting of the ban on public gatherings, speakers scheduled for the remainder of the week have been canceled but Chairman Thomas S. Rhea hopes that the 28th will be given. At the present rate, it is expected that by the end of the next week, there will be no public gathering in the city and that on the 28th until election day the word will run with fervent democratic speakers by the dozen and speakers who have been engaged. Should election not be realized, however, it is hoped that every democrat will constitute himself a committee of one to see that the full democratic strength is brought out. There is danger that the next Senate may be in public and when it is told that nearly every republican member who will succeed to important committee assignments, has opposed the President's war program and voted in one or another of his measures, it will be seen how important it is that a man be sent from Kentucky who will give his unflinching assistance to the administration. Kentucky's representative in the Senate that meets next March and we appeal to democrats to see that it remains democratic by electing Gov. Stanley, the President's

choice, to fill the position. Stop under the rooster and then vote for Stanley and the Congress and administration.

The amount subscribed in this county is \$311,700, or \$53,350 in excess of the quota.

A bet of \$10,000 to \$7,500 was made in New York City that representatives of the belligerent nations would be sitting at the peace table before Christmas. The man who gave the odds is active "on the outside" for J. P. Morgan & Co.

Wayne Wenner, a tanner, of Almontown, Pa., found a gold watch and chain dangling from the tail of his horse. His explanation is that the horse caught his tail on the watch of a bystander and whisked it out of his pocket.

## "HARD SKIN" AND FOOT CALLUSES

Magic! Peel them off without pain or soreness

Don't suffer! A tiny bottle of Freeze-one costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift those painful spots right off with fingers. Corns also!

When you peel off corns or calluses with Freeze-one the skin beneath is left pink and healthy and never sore, tender or even irritated. Try Freeze-one!

### LAND, STOCK AND CROP

J. D. Black bought Monday from Miller Horn 54 hounds that weighed 11-170 pounds for \$2,232.95. Mr. Horn raised both the corn and the hogs—Richmond Register.

W. A. Cooper bought of George Russell, a weanling mare mule colt for \$85 and a horse mule colt for \$50. Mr. Cooper also bought at Danville yesterday several mule colts at \$15 to \$85.

One of the finest bunches of fat cattle delivered in Richmond for some time, were 25 head of 1,400-pound steers which were raised by James J. Neale, one of Madison's thrifty and progressive farmers. The beefeves were purchased by A. S. Thompson, of Paris, and the price paid was \$15.25 per hundred pounds. They were shipped to an eastern packing house.—Richmond Register.

This week Walter Bennett and Lewis Neale, two of Madison's most progressive farmers, sold about 100,000 pounds of hemp. The purchaser was Banks Hudson, of Danville, and the price paid was \$14 per hundred pounds. The sellers are now busily engaged delivering the hemp in Richmond. The 1918 crop of hemp in Madison county is exceptionally fine, and owing to the high prices prevailing, this means thousands of dollars in the pockets of farmers and laborers.—Register.

### Can Now Eat and Sleep in Comfort

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well."

### THEIR RICHES

A wee little house, on a poor little road,

With a little back yard behind it, afar from the avenues, stately and broad,

But Love is quite able to find it!

And Molly is waitress, and laundress, and cook,

And Tom lends a hand when he's able;

The furniture's plain, and the carpets are cheap,

And there's little to put on the table.

In fact, they are poor, as the world reckons up,

And there's little laid up—and yet maybe,

These two may be worth a round million or more.

If you put a fair price on the baby!

### WHAT IS A GOOD QUARTER?

A shiny new quarter that rings "dead" is not necessarily counterfeit. In fact, the chances are that it is only one of the coins containing minute air holes which have slipped past inspection tests of the mints recently.

The slight imperfection, invisible to the eye, makes a coin "plunk" like lead. The Treasury secret service recently has received several of these quarters from persons who believed they had discovered bogus coins. In each case, a good quarter was returned and the "dead" money sent to the mint.

### WOMAN'S FAITH HELPS HUSBAND

"I owe my good health to my wife who had faith in a newspaper ad she saw of Mayr's Wonderful Remedy. I was down so badly with stomach and liver trouble after 16 years of suffering and trying every known remedy that I had no faith in anything. This medicine has certainly been a 'Godsend' to me."

It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. The Lincoln Pharmacy; The Penny Drug Store.
